Subj: Agenda 21.SantaCruz roots. Tom Burns. Marxist Monument SC

This article is at least a half a decade old ... with a Tom Burns update. I had forgotten this material was out there. I found this on the Internet with a search linking Santa Cruz Supervisor's hero **Hugh DeLacy** with the Communist **Sorge Spy** ring.
MY THANKS TO GARY A. FOR THIS LONG-WINDED ARTICLE ON THE PEOPLE IN CALIFORNIA AND BEYOND WHO MAKE THE NEWS, WHETHER OR NOT WE LIKE THEM SEEMS TO MATTER NOT.

PERSONALLY, I DON'T LIKE TO BE "SOVIETIZED" BY ANYONE ---
DO YOU ??? Bob H.

The original article was looking at the Chinese Communist donation to Sentinel's Editor Bruce McPherson's political campaign.

Moderate Mainstream Republicans Sovietizes America

--- Possible Reasons Reds Funded Bruce McPherson

--- Item #1 **Advancing the UN Agenda 21**

The "**Four Horsemen**" promoting the "**Global Warming Kyoto Bill**" in the Senate today are: Socialist Jim Jeffords, John Kerry (Skull & Bones) Member of the Council on Foreign Relations (CFR), **Joseph Lieberman (CFR)**, and Moderate Mainstream **Republican John McCain (CFR)**.

'Global Warming' is a manufactured excuse ... it is not scientifically supported. The Global Warming issue is **used to control commerce by the "International Community."**

The "International Community" is made up of the "Multinational Corporations" and "tax exempt foundations." In the United States, that pack is usually led by *members of the Council on Foreign Relations (CFR) and internationally, by the Trilateral Commission and the Bilderberger Society.*

The Atlantic July 1977 reported that the Trilateral Commission ... "was David Rockefeller's brainchild." And that Zbigniew Brzezinski had laid the first stone by writing about such an organization in the CFR magazine Foreign Affairs in 1970.

In Brzezinski's book **Between Two Ages** (refers to time between the end of the U.S. and a beginning of a New World Order) he declared "National sovereignty is no longer a viable concept," and that "Marxism represents a further vital and creative state in the maturing of man's universal vision," p72 Viking Press 1970.

David Packard became a Trilateralist. In a book published in 1978 by Patrick Wood "Trilaterals Over Washington" on page 25 it is written ... "David Packard, (has) been outspokenly pro-Soviet when it comes to subsidizing the Soviet military machine with American technology and aid."

His daughter, busy queen bee, **Julie Packard** has been popping out her gooey UN eggs. David Rockefeller met with the Packards to "suggest" how to increase and use their fortune using their tax-exempt Packard Foundation. **Julie has ponyed-up money to infuse the goals of the UN's**

Agenda 21 into virtually every "volunteer and government organization in the Monterey Bay.

The sleepy and stupid government "officials" have adopted item after item. Most of **the bureaucrats just follow the recommendations from the city managers and legal counsel** adopting anything that sounds good or has a "nice title especially dealing with the environment." Most of these uninformed elected people have never heard of Agenda 21!

Like the Lilliputians in Gulliver Travels they are binding the giant of American ingenuity for the "Marxist" vision mentioned above by the likes of Rockefeller, Brzezinski, and Packard.

These local "officials" have abandoned the Constitution they swore to uphold ... because they have not read it in decades don't know it's direct relationship to our liberty.

The purpose of the elite organizations is to squelch and control the middle class ... to create a gulf between the elite and the rest of the population *so their dominance cant' be challenged.*

They uniformly promote world government, in education they labor in true Marxist form at changing attitudes of your children from that of American individualism becoming a cog in the village. You have become no longer an "I" but a "we" ... no longer an individual but a group ... they separate us by race, occupation, etc., so as make us easier to be handled.

You are as the State of California declares ... a "human resource" ... something to be used for the purposes of the state.

Santa Cruz was a test for the UN's Agenda 21. It's implementation started over 10 years ago. Moves are now being made on the national level. On April of 2003, Moderate Mainstream Republican Chairman Senator Richard Lugar (Rhodes Scholar*) of the Foreign Relations Committee joined ranking Democrat Member **Joe Biden's** amendment claiming that global warming is scientific fact (in order nationally invoke much of UN's Agenda 21 goals).

According to Myron Ebell at the Competitive Enterprise Institute, a similar amendment passed in the House because four Republicans missed the vote and Moderate Mainstream Republican Chris Smith voted with the Democrats.

--- Item #2 Destroying Peoples Choice by Party Commissars

Republican National Committee is working at eliminating Republican primaries. They prefer controlling the Party from the top down ... Stalinist style. While the Republican majority has recently passed budgets which out spend and out porked the previous Democrat administrations ... the Republicans argue that by eliminating the primaries they could save us poor taxpayers some money!

Are these **Moderate Mainstreamers** hate competition and the truth and want to restrict debate. The Mainstream Republicans prefer to *cut their deals in the modern days back room* ... the country Club or on the golf course.

How long will it take them to eliminate the general election to save even more money?

Michigan GOP spokesman, Greg McNeilly, told Human Events that ... "a group among the national leadership -- notably Republican National Committeeman Chuck Yob, wants to eliminate the primary outright..."

Michigan State Chairman Betsy DeVos is quoted ... "all of our Republican leaders are in favor of not having a presidential primary."

The Party of Lincoln "for the People, by the People" ... has become ... the Party "**For the Bosses and by the Bosses**"

The **League of California Cities** major hero is **Charles E. Merriam**. He was chairman of the **National Resources Committee** in his book **On The Agenda Of Democracy** states, "The elective process is not favorable to the choice of the leaders of the community."

These are the same conclusions of Hitler and Castro. **Santa Cruz Supervisor Jeff Almquist** was a recent visitor to Cuba. It is in his district that today's **Agenda 21** was hatched. He would have a lot in common with Castro.

The State through **Agenda 21** today is being *regionalized as are fire and water districts school districts, river basins, etc.* Using the same arguments Republicans make to not have primaries ... to save money or the Greens argument to save the environment.

Congressman Sam Farr's staff was also part of **UN Agenda 21**. At times Farr denies knowing anything about it. Yet he wrote and signed a letter congratulating the **Agenda 21** group. **Farr** has the **UN** flag flying at the entrance to his Washington D.C. office. ---

Item #3 Communist Chinese agent funds Moderate (socialist) Mainstream Republicans in California

Left-wing California State Democrat Marge Fong's son, **Matt Fong** was running as a Republican for U.S. Senate. This **Mainstream Moderate** was funneled \$100,000 in 1996 by Ted Sioeng who since fled the country. Chinese Sioeng is the one who sat next to Al Gore at the Buddhist temple passing him a bag of money from the Reds. Sitting next to him at the temple was "accused Chinese Communist agent **Katrina Leung**."

That's bad news and something should have been done. Neither **Attorney Generals Janet Reno** nor later **Ashcroft** acted on the treason. New revelations from Newsweek magazine and formerly independent author Michelle Malkin challenges the GOP to stand up and handle the problem this time! It is time for Timothy Morgan Mouse to stand up. *1

The accused Communist spy **Katrina Leung** thought very highly of Moderate Mainstream Republicans ... she gave a thousand dollars to **David Dreier** a member of Rockefeller's Council on Foreign Relations (CFR). **Spy Leung** gave \$10,000 to **Richard Riordan (CFR)** (whose wife previously has given to Socialist-wing Democrat candidates.)

Katrina Leung was quite aware of California **State Senator's Bruce McPherson** activity in moderate mainstream Republican politics. **McPherson staff** was part and parcel of the **founding stages of the UN Agenda 21** in the Monterey Bay area.

These con artists with their private and tax-exempt millions are now selling us slavery under the title "**Smart Growth.**" Agenda 21 is a web of regulations and laws that are **designed to destroy local government**. They merge and entangle and consolidate as many government agencies as possible. *The merged regions lose their independence and are slowly replaced by soviets which like in the former Soviet Union take party orders from the top.* Just look at the Packard influence in debilitating our local government agencies. Where ever her mouth and her money go the politicians bend over.

Robert Weaver Director of the Department of Housing and Urban Development called it this way ... "**Regional government means absolute Federal control over all property and its development** regardless of location, anywhere in the U.S, to be administered on the Federal officials determination. It would supersede state and local laws..."

During WWII, the **Council on Foreign Relations** was working on ways to subject Americans to a centralized authority. On January 8th 1943, the **Governor Carr of Colorado** addressed the Joint Session of the Legislature.

He stated "**There exists in this country today a plan to commence the remodeling of the lives of American freemen on a basis so dictatorial, so monarchistic, so bureaucratic** that its very exposition proves its hostility to our American form of government ... The individual would be submerged utterly to bring him down to the plane of every unfortunate human regardless of his capacities and his potentialities. Freemen would **no longer be permitted to function and to grow and build and to produce for the improvement of themselves, and their children** and for the everlasting benefit of mankind."

Eight years earlier, **The National Resources Committee** recommended a division of the U.S into twelve administrative districts ... The **NY Times Magazine April 21, 1935**, said states rights would be abolished and that State frontiers must cease to be barriers in the path of social advancement (dictatorship). At this time during the depression ... the U.S. leaders under the guidance of the CFR admired the regimes of Stalin, Mussolini and Hitler.

The brave statement from leaders like Governor Carr backed off the criminals trying to seize private land and Americas resources of land, water and air.

Laurence S. Rockefeller was appointed as chairman of the **Land Use Task Force** by President Johnson.

Then a few years later, the same plans were still being acted on by the same CFR agents of "an invisible government" but different political party. **Nixon** used executive orders and by passed Congress ... (that's the political device of Hitler and Castro) and created a fifteen member **Citizen's Advisory Committee on Environmental Quality** chaired by **Laurence S. Rockefeller**.

They discovered the perfect propaganda tool to steal the land and enslave the freemen of America using a human face. Who could oppose a "little temporary sacrifice" if it's for the greater good. As H.G. Wells said "**Socialism ceased to be an open revolution and became a plot.**"

Even back in the 70's, **Guy Wright** of the San Francisco Examiner wrote ... "**there's something about the ecology kick that disturbs me.** Most of this enthusiasm was artificially induced." You would not find that observation in the Santa Cruz Sentinel because the Sentinel is part of the scam.

Dow Jones and Co owns the Sentinel. The chairman and CEO is **Peter Robert Kann** is a member of the **Council on Foreign Relations** and the **Bilderberger Society**. His wife **Karen Elliott House** is also a member of the CFR. She is related to Marxist **Colonel M House** who wrote Phillip Dru Administrator as a Mein Kampf for dictators via a city manager.

My Webster's Dictionary says; Fascism a movement that exalts a nation, stands for a centralized autocratic government headed by a dictatorial leaders, severe economic and social regimentation, and forcible suppression of opposition."

Susan Sontag wrote ..."we should have understood a very long time ago: that communism IS fascism _ successful fascism, if you will. Communism is in itself a variant, the most successful variant of fascism. Fascism with a human face."

Republican Congressional Nominee **Jess Brown** was one of the first in the Santa Cruz area pushing "**government-private partnerships**." A variant of fascism. But no program has been as successful as **Agenda 21** in conning the elected officials and the public at large. .

This **un-American UN operation** was announced and lauded in the official newsletter of **AMBAG** the Association of Monterey Bay Area Governments.

In the days when **Willie Brown** was getting moderate mainstream Republicans one after another to change sides to keep his Democratic majority in the state legislature ... **Bruce McPherson** was considered by informed politicians to be the next defector. After all there was very little difference in philosophy. Former **Congressman Leon Panetta** simply dropped his party label and became a Democrat. Nothing to it. **Willie Brown** during one of his radio broadcasts suggested that the county elections be done away with and the state should be run by Sacramento.

During the time **McPherson** was editor of the **Sentinel** he was given the "skinny" on top Communist organizer **Hugh DeLacy**.

DeLacy like most "reds" in the 1980s hide their Marxism" **by becoming "green"**. Both Hugh and his wife, **Dorothy Baskin** were Communist organizers.

The California Legislature Reports: say "**Hugh DeLacy devoted virtually all his time to the operation of Communist front operations and spreading Communist propaganda.**" DeLacy belonged to a group that has ..."followed the Communist party line as it switched and squirmed in support of the foreign policy of the Soviet Union."

When DeLacy was circulating the Supervisor petitions for **Robley Levy** (Ellen Pirie's district), McPherson spiked the story and many other's like it. And **McPherson endorsed Levy**.

This May Explain China Connection

Agnes Smedley held a rally in San Francisco in which **DeLacy** attended. It was in support of the **Communist Chinese**. McPherson had spiked the expose on his Chinese Communist support and espionage contacts. Years later ... **McPherson** receives Thousands of dollars from the **Red Chinese**. Tit for tat.

More about **Smedley**, in 1921 the soviet government paid her way to Moscow, 1929 she went to the **Sixth Communist International Congress**, when she moved to Shanghai the police determined she received her orders directly from the **Comintern in Moscow**. In 1930 she wrote for **New Masses** the communist party weekly. She became involved with **Richard Sorge**, head of a Soviet spy ring. According to Francis X. Gannon Volume IV p 585 ..."she set up spy rings in Peiping and Tientsin."

In her will, she named *Communist General Chu Teh Commander in Chief of the People's Liberation Army as the recipient her estate*. Her ashes are in the National Memorial Cemetery of Revolutionary Martyrs in Peking.

How could the Red Chinese not consider **DeLacy** an asset? And his protector, **Bruce McPherson** a person of interest. And it was the **People's Liberation Army** that provided at least some of the "**Republican money**."

Claude Pepper

Hugh DeLacy and Claude Pepper were part of the **Communist National Council of Soviet-American Friendship**.

Soviet espionage agents Agnes Smedley, John Apt, Alfred J. Stern and Ralph Gundlach were part of this Marxist group.

Sentinel editor **Bruce McPherson** chose as a regular columnist **Claude Pepper**. Newsweek and Time called him "Red Pepper," the Saturday Evening Post was nicer and called him "Pinko Pepper," U.S. News said "Pepper is a foremost advocate of Russian Policy." In fact, Pepper wrote for a group "**specializing in Pro-Soviet propaganda**" ... so naturally, McPherson choose Pepper. **Pepper** had hired **Charles Kramer**, who was a member of the Ware and Perlo Soviet rings.

Pepper wrote the introduction the book **The Great Conspiracy against Russia**. The Senate Internal Security Subcommittee revealed that it was written by an official in the foreign Office of the Soviet Union.

In **The Venona Secrets** p92 John Apt, a Communist Party attorney who has been active in the espionage apparatus, revealed the names of Communist members of congress. In his autobiography ... John Apt names **Hugh DeLacy**

Santa Cruz Celebrates Key Communist Organizer

Twenty Years almost to the day 14th day of May, 1983 there was a **Marxist celebration and Proclamation for Hugh DeLacy** referred to in the Proclamation as the "Indefatigable" and his wife the "organizer."

Those attending the meeting at the **Lauden Nelson Center in Santa Cruz** California, included many that eventually were endorsed by the decidedly un-American **Bruce McPherson** at the **Sentinel** and elected to office. *McPherson with full knowledge of DeLacy's personally carrying the petitions for Levy endorsed her.*

Other's attending that night and/or signing the Proclamation were: **Mike Rotkin, Gary Patton, Joe Cucchiara, Marti Wormhoudt**, and the ever smiling and disarming **Leon Panetta** who with his wife now have their own "**Foundation**." They are in on the racket to screw the middle class and free enterprise and compound their wealth at America's expense.

The **Pro-Agenda 21 Marxist Santa Cruz Supervisors** have honored their mentor Communist **Hugh De Lacy ... De Lacy's monument** sits on the left hand side of the steps on the entrance to the Santa Cruz County Court House. People unsuspecting pass by this "broken nut" monument on their way to court expecting to get justice. **It might not be a bad idea to get a different venue for that reason alone.**

Remember that most of these people have been endorsed by **Sentinel editor Bruce McPherson** so it is not surprising the Communist Chinese would be willing to give him \$5,000.

Also there that night was **Dan Bessie**. That was the son of one of the **Hollywood Ten**. He had conducted classes in Marxism at 4402 Melrose in LA and like Lee Harvey Oswald was active in Fair Play for Cuba. Bessie was part of the **Youth Action Union** a "lineal descendant of the **Young Communist League**.

These Reds have taken off their Hammers and Cycles and donned a seductive "**environmental cloak**" to promote their Marxism under the UN Agenda 21 or "**smart growth.**" Their financing comes from the tax-exempt foundations and government coffers. Gorbachev, the butcher of Afghanistan now runs Green Cross and is lovingly quoted in the **Santa Cruz Agenda 21** booklet adopted by the **Board of Supervisors** as policy.

Scott Kennedy's Resource **Center for "selective" Nonviolence** according to their own brochure, their staff is interchangeable with the Fellowship of Reconciliation. An early leaflet of the Fellowship of Reconciliation had printed "Instead of attacking Soviet Russia, we are anxious to appreciate their contribution ... and build here, in this section of the world, an order that has all the values of the one being created in the soviet Union ..."

They are in the process of picking off Americans one by one ...denying them via "due Process" (Agenda 21) and using tax payers money to financially break their victims. They have Americans on the ropes. Unless, "Joe six-pack" can figure "out good cop, bad cop" he is going to know dictatorship is his lifetime. Dopey Republican defends McPherson and Dopey Democrats defend Panetta.

They win when it "appears the battle is between the Left and Right. When it is really between tyranny and freedom.

This is between the individual and total government (NWO). It is time to **throw the evil doers and stupid out of office**. Those who aren't aware of **Agenda 21's poisonous destruction** of the Constitution.

It is a concentration of control at the top. It is an **attack on self government** and especially the **middle class**. *Communism is not the people overthrowing the banking establishment ... Communism is the international banking establishment enslaving the people.*

The lying weasel **Tom Burns** Planning Department director was director of **Ecology Action** a major donor to **Agenda 21** ... He also moderated the **Natural Defense Council** representative in **Santa Cruz**. The above mentioned **Lawrence Rockefeller** was a board member up until his recent death. This **Rockefeller** wanted to donate his estate to build the **UN** on. They now fund the street socialists and environmentalists to sell their Agenda 21 for their New World Order. AMBAG job is to "harmonize laws"; legislators are to keep the borders broken for a **North American Union**.

Come the next series of "national emergencies" **self government** will evaporate and *UN governance* will be operative. (**Agenda 21**).

The two best known wills are: "The Secret Society Will", and "The Rhodes Scholarships". The secret society was run by Rothschild through Lord Alfred Milner, a key financier of the Bolshevik Revolution. Its Round Table worked behind the scenes at the highest levels of the English government. In England it is known as the "Institute for Royal Affairs" and in the U.S. as the "Council on Foreign Relations". Bill Clinton was a Rhodes Scholar.

*1 California's Republican National Committeeman Tim Morgan is a resident of Santa Cruz has appeared to have lost his fight and is walking on eggshells not offending anyone ... waiting for a judgeship.
