

Building inspectors Jennifer Hutchinson (only since Oct. 11, 2008) and Sean Livingston have not visited the thousands of properties cited with violations by uncertified code enforcement. Any notice of violation written and served by uncertified county code enforcement or county staff is invalid and non-binding. Most violations that have been served have been untrue and inspected and signed by uncertified staff. The Alliance for Change citizens had to educate the county they are required to be trained and certified. Read the summary of laws the county deliberately deny.

County Counsel [Dana McRae](#), [Rahn Garcia](#), [Chris Cheledon](#), [Tamyra Rice](#) and others have misinterpreted or ignored higher law and the Constitutions, Attorney General opinions, precedent court cases and misadvised all County officials and staff. Read below of [Board of Supervisors deliberate indifference and liability, in causing Constitutional deprivations since 1976](#), by not following State and Federal laws - some of which are in a [summary report by Harold Griffith](#), Paralegal. Our investigative research indicates the Board of Supervisors does not understand the laws and do not check on County Counsel opinions and are in serious trouble concealing due process, allowing excessive fees and mistreatment of citizens for decades. The Supervisors act as if they are above the law and have said so in documented preserved filming of their meetings. Rahn Garcia, Dana McRae, Tamyra Rice, Chris Cheledon and Jason Heath are delusional thinking the County's "administrative procedures" can defy the higher laws and the intent of the highest laws of the land.

The new Building and Fire Code Board of Appeals Commission has sworn to uphold State and Federal Constitutions. The Board of Supervisors and CAO, Susan Mauriello, denied the Appeals

Board Commission and Community TV access to use the recording studio in the chambers. The disrespectful act was a challenge that was overcome by citizen support so that you could stay informed. It is very important that you watch these shows.
