

**June 2nd the Supervisors Pirie and Leopold in a 5:0 vote  
axed the building and housing appeals board for the County**

**On June 9th the Board of Supervisors will do the final passage to deny  
due process to the citizens of Santa Cruz County. This is a huge blow  
and ax of our civil rights per agenda item 73 and 73.1 explained below  
on this home page. Now we know why Jan Beautz, former  
Supervisor, called this an "interim" board in a slip-up at a meeting  
last year.**

**Please watch the Comm TV DVD's or rebroadcasts as your property  
rights are shredded as the Supervisors misinterpret law and take  
control over all complaints citizens have regardless of the State  
mandated laws to allow an "independent and licensed board" to  
render relief. Copies can be purchased for \$20 each from [Comm TV](#).  
Educate yourself as you and your neighbors most likely could be next  
to be visited by county code compliance on trumped and vague  
charges - headed by Tom Burns who assaults civil rights and screams  
at people who stand up for them. See alleged assault report below in  
another report.**
