

TOM BURNS, DAVID LEE AND MARK DEMING FIRED OR RESIGNING UNDER "RETIREMENT GUISE"?

Citizens' movement finally prevails over allegations.

September 15, 2009 - Citizens standing up to an alleged illegal scheme, instituted since 1961 by inter-department collusion, are elated and watch dogging that negligent hiring does not continue by Susan Mauriello, County Administrator. Incompetent Tom Burns hiring by Mauriello to institute policies against natural, Federal and State rights are being contested in State and Federal courts. Burns failed business model co-designed by the Board of Supervisors, CAO and County Counsel, has cost taxpayers approximately \$4 -\$5 million per year.

See [Planning Director advertised position](#) opening at Santa Cruz Jobs.com today. The job description lacks sufficient requirements for the position that is open for applications until October 9, 2009. State Building Codes that have been ignored by Burns, Lee, Deming and staff should be enforced superseding local ordinances and the planning director is required to be a "certified building official by the International Code Council" in Sacramento. Long hard hours of volunteer work by local informed citizens, aware of true laws, have finally been rewarded with this news for possible real change. Read this entire site to understand why the alleged illegal scheme run by the Board of Supervisors, Planning Department, Administrator and County Council should not continue and reparations worth approximately a half billion dollars, civil and criminal, be made to the abused citizens of the County. Alleged due process obstruction against thousands of citizens, by these government civil servants, has been well documented.
